

MY STYLE

PARD WORK

If you look for me, I will be working on some projects. Nevertheless, I am willing to help you all the time, just let me know.

PROFESSIONALISM

I identify myself as 100% professional over emotions. It does not matter if you never liked me for years. I honor my contracts, I will be kind and respectful to you, and I always expect the same from all people.

Ø INDEPENDENT

I am skilled at blazing my trails, nobody needs to remind me of my duties, and I know how to bravely take the consequences of my decisions. I am extremely productive when I am alone, that is the best certainty. But I appreciate people around me, honestly, I do.

© ORGANIZED

I even have my showers programmed in Google Calendar. That is my perfect summary.

PRACTICAL

I will not be affected by fights, irresponsibility, or laziness. Especially as I do not get extra grades or paid overtime for it. I will kindly take away the privilege of my presence.

POLITE

Being polite to all people and manners is the best abstract portfolio anyone can present.

Ø OBSERVER

I enjoy observing people, their behaviors and gestures, and their way of facing life, and I secretly admire them. Deeply about what is said and done to me, I take that into thoughtful consideration.

MY VALUES

WILLINGNESS

I appreciate those willing to go the extra mile to get not just an excellent product, but the best one.

® RESPECT

I appreciate those who know and respect the limits of the context and behave accordingly.

© CAMARADERIE

A loyal team inspires me to work.

I appreciate grounded argument, and new knowledge, anyone who is trained and who strives for constant training has my full respect.

WHEN TO APPROACH ME

My phone is always near me, and 95% of the time I will answer your message in less than 5 minutes. And 70% of the time I will answer your calls. If neither of the two works, you should assume that I will get back to you as soon as possible. Let us just be considerate and prudent about the time.

HOW BEST COMMUNICATE WITH ME

I understand the philosophy of being direct and not beating around the bush. However, we are not machines, kindness, and consideration are important, and we can be completely honest and considerate at the same time. It is part of emotional intelligence.

HOW I MAKE DECISIONS

I tend to be an extremely cautious decision-maker, I try to look at all scenarios or consequences and analyze all factors before choosing what is most appropriate for the situation.

WHAT DO PEOPLE MISUNDERSTAND ABOUT ME?

People around me often misinterpret my attitudes, when it is time to work, I like to dive into work, I'm not annoyed, I'm not judging you, I'm just working. And, when work hours are over, I can get up and do a funny dance. When work is over, I am a more relaxed me. But I am still authentic in both my facets. Please, do not fear me.

HOW TO HELP ME

Make me see my mistakes and tell me your point of view. Be positive, if you present a problem, present a solution. Work hard. Enjoy what you do. Smile at me! Because sometimes I forget to smile while working. Put on music and motivate everyone to work by example.
